## Preparing Indigenous Teachers and Administrators for Alaska Schools

### PITAAS PLEDGE OF COMMITMENT

As I take my responsibilities seriously and dedicate myself to the task of effectively educating all children, I commit myself to educational excellence and becoming a certificated teacher in Alaska. Therefore, as a PITAAS student at the University of Alaska Southeast, I pledge the following:

1. I will actively pursue my goal to become a certificated educator in the State of Alaska.
2. I will set and maintain for myself the highest possible level of educational competence as I work toward my goal.
3. I will set and maintain for myself and promote among colleagues the highest possible level of cultural competence. In so doing, I will seek to understand the uniqueness that Alaska Native students bring to the classroom in terms of the rich history, values, traditions, and learning styles.
4. I will reach out to the families of students in my class and bridge the gap between home and school, making the school environment a safe and supportive environment for students as well as families.
5. I will hold high expectations for myself and my students and hold myself accountable for promoting positive school climate and academic excellence in all students.
6. I will support PITAAS and its ongoing commitment to educational excellence for Alaska Native students.

I, \_\_\_\_\_, make this pledge after careful consideration of my role and responsibility as a future teacher and/or administrator; and my commitment to join hands with PITAAS and UAS in their effort to make Alaska classrooms and schools places where hopes and dreams can be nourished into a rewarding future.\*
