Once there go to the My Community tab on the top of the page, and click on Learning Library:

Within the Learning Library you will see many opportunities for training. The four items required at this time are:

1. Illness and Injury Prevention (One time)
2. Hazard Communication (One time)
3. Anti-bullying in the Workplace (One time)
4. Title IX Training

You may need to scroll to the bottom of the screen to find some of the required items.
There are two Title IX options. Take the training that is not “Annual Refresher.”

To do the training, just click into the course. You will see the following screen:

Click on “Learn Now.”
A box will pop up with questions (optional). When ready to start, click on the “Start” button.

Now click the words “Click here to launch the lesson.”
There will be a pop-up window with the training. Complete the training by following the instructions in the course. Watch for hints as to where to click.

Screen to screen navigation is by clicking on the “next” button near the bottom of the screen:

Give yourself plenty of time for the Title IX training, and if you can’t complete a lesson in the time you’ve allotted yourself, don’t worry. The system knows where you stopped, so if you don’t have time to complete a lesson, it will place you right back where you were when you log back in and start the lesson up again!
