

It's time to refresh and
refocus on *who we are*
and *what we do well.*

Be yourself, everyone else is already taken.

—OSCAR WILDE

Our students come to us from all directions and at different points along their life paths.

Celebrate *and* Differentiate

The University of Alaska Southeast is uniquely positioned to meet our students where they are and to guide them through to their educational goals.

To better carry out our educational mission going forward and represent all UAS has to offer, we need to refresh our visual identity.

Many universities
maintain a *family* of
related logos,
united by a common
color palette.

A modern university logo system has a big job to do.

- ◆ **Support individual campaigns** without visually competing with them.
- ◆ **Maintain legibility** in multiple sizes.
- ◆ **Be flexible** and accommodate a wide variety of applications.
- ◆ **Expand to include names** of schools, departments, and campuses
- ◆ **Build the reputation and profile** of the university through consistent use.

flexible & customizable

A well-designed logo system helps us tell our story, the stories of our students, faculty, and alumni, in every medium available to us.

A variety of advertising: newspaper, airport screen, and merchandise.

plays well with others

Comprised of components that work independently from each other, the new logo supports special campaigns, partnerships, and limited edition designs.

◀ The First Year Experience campus life program was one of the first campaigns to utilize the new logo in a supporting role.

The UAS palette: warm, saturated, nature-based colors inspired by the ocean, ferns, spruce and hemlock, salmon berries, soft grey skies – all the colors of Southeast.

We can now celebrate our individual campuses while still maintaining our strength as a single university.

◀ Custom campus designs and co-branded partnerships like UAS Alumni & Friends are now visually connected..

what's this?

A sports-style option for school spirit and merchandise purposes.

Aspects of the preceding "Learn, Engage, Change" university logo design are retained in a new, athletic-inspired version perfect for sweatshirts, t-shirts and other athletic wear.
