

Contact Your Legislators in Support of Your University

On Friday, June 28 the governor vetoed the state-funded portion of the university operating budget by \$130 million. When combined with the \$5 million cut previously approved by the legislature, we are being asked to cut \$135 million, or 41% from our current state funding level of \$327 million. The only possible recourse to this budget veto is to seek a legislative override and **ask our legislators to support UA's state funded budget of \$322 million – the amount approved by both the House and the Senate.**

Please ask your legislators to affirm their support for the university by voting to override this veto. If not overridden, this veto will cause institutional and reputational impact long into the future.
