

School of Arts & Sciences Program Learning Outcomes

From: AY18 Assessment Plan

Department:

Program Group: AA & GERs; AAS General Science

Degree: AA General Education & GERs

1. The Associate of Arts degree provides students with a broad general education. It is also designed to be a transfer degree to bachelor degree programs.
 - a. This is accomplished by providing students with learning opportunities in the core academic areas of mathematics, natural and social sciences, humanities, fine arts and communication. It is worth observing that this description is almost identical to that of the AS degree.

Degree: AS General Science

1. The Associate of Science degree (A.S.) provides students with a broad academic education. It is designed to be a transfer degree to baccalaureate degree programs, with an emphasis in the sciences.
 - a. This is accomplished by providing students with learning opportunities in the core academic areas of mathematics, natural and social sciences, humanities, fine arts and communication. It is worth observing that this description is almost identical to that of the AA degree.
