Program Student Learning Outcomes (Program Goals for CAAHEP)

The major goals of the Medical Assisting program graduates are to:

1. To prepare competent entry level medical assistants that meet or exceed national Medical Assisting Education Review Board standards in cognitive (knowledge), psychomotor (skills), and affective (behavior) learning domains
2. Safely and effectively perform a variety of clinical and administrative tasks as an entry level medical assistant
3. Display professionalism in the workplace and communicate effectively both verbally and in writing within a work environment
4. Follow standards, policies and procedures of the physician's office within the medical assistant scope of practice demonstrating ethical and legal behaviors
