Brief Descriptions and Stages

Tabled Item

CT S291 Internship. Cat. B. Proposal was tabled at the November meeting when it should have been sent back for changes. Suggested changes include using course number 291A to designate that this is a drafting internship, rather than a general CT internship. Request action to send this proposal back to initiating faculty.

Discussion about requiring six unique credits toward a minor:

Current practice is to require students to take a minimum of six unique credits toward a minor. Should we recommend this as an official policy? Examples of programs where there is a lot of overlap (the first two prompted the requirement):

- BS in Environmental Science with Mathematics minor
- BA in Geography with Environmental Science minor
- BLA with Spanish minor
- BLA with Philosophy minor
