## **Land Acknowledgement**

We acknowledge the people whose upon whose lands we occupy and represent today including the [Lingít Aaní \(Tlingit\)](#), specifically the descendants of the Áak'w Kwáan, who are stewards of their ancestral lands around Auke Lake upon which the University of Alaska Southeast resides. It is important to acknowledge the ancestors of this place and to recognize that we are here because of the sacrifices they were forced to make. In speaking of these and all other indigenous communities across the lands marked as the State of Alaska, we honor their memory, their lives, their descendants, and their continued presence. We also remember that we are guests on this land and must do our best to move with reverence and respect.

# FROM THE DIRECTOR

Welcome to the School of Education at the University of Alaska Southeast. Exciting things happen here and I am confident that you will find the University and our school to be an outstanding choice.

The faculty and staff of the School of Education are dedicated to preparing teachers and other educators who are committed to enhancing the lives of students. Our programs are designed to meet the needs of those preparing to become teachers and those who are already in the profession.

With the P-12 schools of Alaska as our partners, our programs are accessible by distance delivery throughout the state. We also have programs with summer institutes on the Juneau campus that take advantage of the wonderful outdoor experiences available in Southeast Alaska.

Our programs:

- Build commitment to creative problem solving in the service of children, families and communities;
- Actively foster intellectual pursuits while celebrating a multicultural world and the heritage of Alaska Native populations;
- Enhance professional skills in support of the belief that all children can learn.

In addition, we provide:

- Convenient schedules. Our classes are taught in a variety of formats to accommodate student and professional lifestyles.
- Supportive environment. We are committed to your success. Students enjoy small classes, dedicated faculty who are available to students, caring staff, numerous University services and continually expanding technology.
- Juneau. Our beautiful campus and the surrounding environment offer diverse experiences and opportunities guaranteed to stimulate creativity and a desire to learn.

I invite you to look at the programs on this web site and then send us an email, make a phone call, or come by our offices for more information. Together, we want to help you make a difference in the lives of students, families and communities.

Maren Haavig, Director  
UAS School of Education

# ACCREDITATION

The University of Alaska Southeast is accredited as an institution of higher learning by the Northwest Commission on Colleges and Universities.

SOE programs are approved by the Alaska State Board of Education and are accredited by the Council for the Accreditation of Educator Preparation.

The Graduate Elementary Programs are nationally recognized by the Association for Childhood Education International and CAEP.

The University of Alaska is an affirmative action/equal opportunity employer and educational institution. The University of Alaska does not discriminate on the basis of race, religion, color, national origin, citizenship, age, sex, physical or mental disability, status as a protected veteran, marital status, changes in marital status, pregnancy, childbirth or related medical conditions, parenthood, sexual orientation, gender identity, political affiliation or belief, genetic information, or other legally protected status. The University's commitment to nondiscrimination, including against sex discrimination, applies to students, employees, and applicants for admission and employment. Contact information, applicable laws, and complaint procedures are included on UA's statement of nondiscrimination available at [www.alaska.edu/nondiscrimination](http://www.alaska.edu/nondiscrimination).

# WELCOME INFORMATION FROM YOUR ADVISOR

## SOE Land Acknowledgement

**This geographic region of Alaska, where UAS resides, is home to the Tlingit people and sits on the traditional lands of the Aak’w Kwan and, in our residence, we extend appreciation and commitment to the care and responsibility we all have in striving for excellence in teaching**

## **Program Mission and General Overview**

This handbook provides guidelines for obtaining your K-8 Alaska teaching certificate, and/or your Elementary Master of Arts in Teaching (MAT) degree, as well as a K-8 Elementary Endorsement.

The Graduate Elementary Programs are course and field-based programs designed for bachelor’s graduates who are considering a career in teaching at the elementary and middle school levels.

Our mission is to prepare you to teach in rural and urban Alaskan settings. We will assist you in being an informed teacher with a knowledge base supported by current research and best practices. We will help you implement your learning in school settings and will assist you in reflecting about your practice. Our goal is for you to become responsive to the needs of all your students.

Our program competencies are based on standards provided by CAEP, InTASC Model Core Teaching Standards, and the Alaska Expectations for Beginning Teachers. Our programs place special emphasis on diverse needs of students and up-to-date technology, and provide strong, field-based approaches to becoming effective teachers. Our programs are available by distance delivery to students throughout Alaska. Graduates have excellent success in finding employment both in Alaska and throughout the United States.

### **Philosophy**

We believe that individuals learn in a constructivist manner; that is, active, engaged, independent, and social learning that results in reflective and informed practice. We encourage critical thinking and creativity. You are expected to engage in personal inquiry, active communication with others and professional participation in the classroom.

In our programs, technology assists you. Proof of your learning is documented in a variety of ways, including practical and formal observations of teaching as well as a Teacher Work Sample and an Integrated Unit when you complete your student teaching internship and a classroom research project and Master’s Portfolio to complete the MAT program.

### **Personal Inquiry**

As a graduate student, you are expected to construct and professionally communicate a firm knowledge base in your field. In your research, you read both widely and deeply. You are expected to write your formal papers in a professional manner using APA style when appropriate.

### **A Learning Community**

Our programs are designed so students in various communities throughout Alaska (from large cities like Anchorage to remote villages like Kipnuk and Thorne Bay) can remain in their own communities for teacher preparation.

We believe that teachers learn best as part of a group, so we hope you will take full advantage of opportunities to meet and interact with your colleagues and teachers by using online resources. If you are traveling through a community where one of your teachers or colleagues live, please try to visit awhile in person.

**Classroom Experience**

We believe you will learn about teaching by teaching. Most of your classes have assignments in what we call the “practicum” experiences in classrooms in your local elementary or middle school. You will work with host teachers who are experienced and willing to mentor you. You become part of the local school culture as you complete your various practicum activities and student teaching. Please see individual course outlines for special practicum requirements. You must be fully admitted to the program and receive permission from the local school administration prior to doing any practicum work in the classroom.

**Research Information**

As a student in the elementary endorsement, certificate, or MAT programs, you are a possible participant in education research. The purpose of any possible research is to improve our teacher education programs and to understand and improve the working lives of teachers. The purpose of possible research is not to evaluate individual students, but to evaluate the effectiveness of our programs.

There are no risks to you as a participant in these studies. There is no compensation for your participation.

**Confidentiality**

We keep any information obtained in connection with our research that could identify you as an individual confidential. In any written reports or publications, no one will be identified or identifiable. We keep personal information, research data, and assessments in password protected electronic files available only to possible researchers and program personnel at UAS. Likewise, information about students, teachers, schools, your colleagues, etc. must be kept confidential. This is a professional disposition that is guided by the Alaska Professional Teaching Practices Commission.

**Technology**

Our programs rely heavily on technology. Courses are provided using a variety of technologies. You will need high speed Internet access. You also need a variety of digital technology to facilitate the digital sharing of assignments, projects, products, and for electronic communication with your professional learning communities. You must successfully complete ED 230 Educational Technology or equivalent prior to enrollment in the graduate courses. You will also need to purchase a LiveText account. This is our assessment database. Please follow the instructions on our website page to purchase your LiveText account. [LiveText Instructions](#)

For those who continue on to complete the Master of Arts in Teaching degree, the Graduate Portfolio is your final capstone project. This consists of standards-based framing statements using artifacts of practice collected from your curriculum studies, practicum, student teaching experience, and research to show how your knowledge base supports your ongoing and future practice as a teacher. This professional product is completed in ED698, the capstone course in the MAT program. TIP: Keep track of student work, projects, pictures, and other artifacts of practice as you go through your classes!

Please read this handbook carefully and use it as a guideline throughout your program. When you need assistance, please call me, your advisor, or our program support personnel. We are here to guide and help you along your path to becoming a successful teacher.

Best Regards,  
Beth Hartley, Ph.D  
MAT Elementary Program  
Eagle River, Alaska  
907-244-7807 (between 9 am and 5 pm, weekdays)

## Graduate Elementary Programs Overview

UAS delivers a post-baccalaureate K-8 graduate certificate program, a K-8 endorsement and a Master of Arts in Teaching (MAT) degree to candidates in urban and rural locations throughout Alaska.

Candidates who complete student teaching are recommended for an Initial Alaska elementary teaching certificate or K-8 Endorsement for grades Kindergarten through 8. (Please see DEED website for details on the 5 types of Initial of Teacher Certificates: <https://education.alaska.gov/teachercertification/initial/>.)

Candidates may then continue after certification to complete a MAT degree.

### Overview of Elementary Assessment Phases and Checkpoints

**The following pages describe the courses and procedures in more detail.**

# PHASE ONE: PRE-ADMISSION AND ADMISSION

## ADMISSION OVERVIEW

### Applicants often wonder which program to apply to:

- The Graduate Certificate program is for those who wish to receive only the teaching certificate. These candidates already have a Bachelor's or Master's degree in another field.
- Those who want a Master's degree in teaching will submit an additional application to apply for the MAT program. This is an addition to the Graduate Certificate application. Certificate students may apply for the MAT program at a later time if they want, but an additional application fee will be required (currently \$60.00).
- Both the Graduate Certificate and the MAT can be applied for at the same time since the Master's requires only two additional courses beyond the Graduate Certificate.
- The K-8 Elementary Endorsement program is for those who already have an Alaska teaching certificate in another area and who need a K-8 Elementary Teaching Endorsement.

### The graduate elementary admission materials and requirements are available online at:

- <https://www.uas.alaska.edu/education/programs/elementary-education.html>
- Admissions coordinator: Karen Madsen 907-796-6460 [klmadsen@alaska.edu](mailto:klmadsen@alaska.edu)
- Link for graduate admissions: <http://www.uas.alaska.edu/apply/steps/graduate.html>

## ADMISSION TO THE PROGRAM: GATE 1

### Admission Procedures

#### Application Requirements

Program admissions instructions and paperwork are found in this handbook and in this link <https://www.uas.alaska.edu/education/programs/elementary-education.html>

#### Process:

1. **Consult with Your Advisor\***
  - a. Student emails/scans or faxes unofficial transcripts to advisor for review
  - b. Advisor completes transcript analysis
  - c. Student and advisor discuss student's program of studies
  - d. Advisor prepares student's program of studies. Unofficial transcripts should be emailed to:  
Dr. Beth Hartley  
Cell 907-244-7807  
[eahartley@alaska.edu](mailto:eahartley@alaska.edu)
2. Submit ALL application for admission materials to UAS Admissions (see below).
3. Apply online. <https://www.uas.alaska.edu/apply/index.html>
4. Official transcript with evidence of bachelor's degree, 3.0 GPA.
5. All other college transcripts.
6. \$60 admission fee (via credit card or check made out to UAS).
7. 2 current letters of recommendation on the SOE form (provided in Admissions packet).
8. Statement of Professional Objectives.
9. Impromptu writing sample (instructions provided in Admissions packet).
10. Evidence of successful work with children "One Week Experience" or equivalent.

11. Passing Praxis CASE/Core exam scores (make sure you designate UAS as score recipient—code R4897—when you register for the exam). If you will be taking the Praxis outside of Alaska, you will need to designate the Alaskan Dept. of Education as score recipient (designation code R7027).
12. Release of information waiver form (provided in Admissions packet).
13. Student Information Sheet (provided in Admissions packet)
14. Statement of Agreement found on the last page of this handbook

**Apply for Admission for the Elementary Graduate Certificate or the Elementary MAT at:**

<https://uas.alaska.edu/>

**Or contact:**

UAS Admissions  
University of Alaska Southeast  
11066 Auke Lake Way  
Juneau, AK 99801  
[uas.admissions@alaska.edu](mailto:uas.admissions@alaska.edu)

**Separate application procedures are defined below for the K-8 Elementary Endorsement.**

### **Application cutoff dates for Spring, Summer, and Fall Semesters**

For Spring semester applicant, December 15<sup>th</sup>

For Summer semester applicant, May 1<sup>st</sup>

For Fall semester applicant, Aug 15<sup>th</sup>

\*After an initial conversation with the advisor about your goals, you then send unofficial copies of undergraduate transcripts for her review. The transcripts will be reviewed for:

- Completed Bachelor' Program
- Grade point average and a
- Basic liberal arts background, including coursework in writing, math, science, social sciences, child development, arts, P.E., and health.

**Course of Studies:** The advisor then makes recommendations for prerequisite content coursework or experiences. The advisor also recommends coursework (generally ED 230 Educational Technology, ED 333 The Learner and the Learning Process, and the ED 320 series) for your first semester. She will create a recommended course of studies and pacing guide for your program based on your situation.

**Rolling Enrollment:** The Elementary Graduate Programs admit students on a rolling basis: that is, when your file is complete, we review it immediately. This will not guarantee your eligibility for financial aid, however it will allow you to progress in graduate coursework upon admission

**Prior to Admission** you may take the following courses while completing the admission process: ED 230, ED 333, and ED 320 A, C or D, ED320 B and E and EDSE 482. ED 680 and ALST 603 are also possible, with advisor's permission. You will also complete any required pre-requisites during this time.

**Full admission** to the program requires that you be accepted by the University of Alaska, as well as by your chosen program within the SOE. Please submit admission materials to the UAS Admissions. Click link here for the information: <https://www.uas.alaska.edu/apply/steps/index.html>.

**Notification:** You will be notified of your admission status by the School of Education after all documents are received/reviewed.

**Students may be Admitted with Provisions in the following cases**

- If your GPA from previous transcripts is not at least 3.0. When you complete 12 credits and maintain a 3.0 GPA, your admission is changed to good standing.
- If your scores on the Praxis CASE/Core do not meet state requirements, We will help you with a plan for remediation. You must pass all three subtests of the Praxis CASE/Core for full admission to the program and to be in practicum courses. Passing scores are found on the DEED website.  
<https://www.eed.state.ak.us/TeacherCertification/praxis.html>
- If you have submitted all materials under your personal control. For example, if we have not yet received a letter of recommendation, we will consider your admission, marked as pending. If you have not successfully completed content prerequisites that may be identified by your advisor. Please note that the content prerequisites must be taken prior to enrollment in the corresponding methods course (e.g., U. S. History prior to ED 618 Social Studies Methods.)

## Admission to Methods Courses

You must have taken all content pre-requisites and the foundation courses ED 230, ED 333, ED320 series, and EDSE 482 and maintain a 3.0 GPA to be admitted without conditions to the program and prior to registering for methods courses (ED 615, ED 616, ED617, ED618, ED619, ED620, and ECE661).

### Interested Person's Report

Prior to registering for the methods practica, Candidates must secure an **Interested Persons Report (IPR)** from a local law enforcement agency. If you are already hired by the school district you are conducting your methods courses in, their IPR will be sufficient. This background check is required before engaging in practicum classes where Candidates will be working with students in the public education setting. These are active for one year and must be renewed, as needed. You will need to submit a copy of your active IPR to the SOE office: [edgenaux@alaska.edu](mailto:edgenaux@alaska.edu).

### Program Requirements for Admission in Good Standing

- GPA 3.0 or better from undergraduate transcript (if your GPA is below 3.0, you may be admitted provisionally. You must maintain a 3.0 GPA for the first 12 credits to be admitted in good standing).
- Prerequisite content coursework is completed as recommended by advisor.
- Successfully completing foundation courses: ED 230, ED 333 (required prior to taking graduate elementary courses), and ED 320A, C, or D, and 320 B & E, and EDSE 482 for the MAT and Graduate Certificate.
- Candidates may be provisionally admitted after completing ED 230 and ED 333 to be eligible to take the methods courses. Submit active Interested Persons Report prior to registering for graduate practicum courses, as described above.

### Admission to Student Teaching

Candidates must complete all required coursework, the application to the Alaska Department of Education and Early Development for a certificate, and a formal application to UAS for student teaching. Some districts require a separate application as well. Candidates must pass the Praxis II Elementary Content Knowledge.

**Advancement to Candidacy**

The semester of the completion of your last class, ED 698, you must apply for graduation for your MAT certificate.

**Notes on admission requirements**

**Fees:** If you apply for the MAT program, which includes the certificate, the admission fee of \$60 includes both. If you apply to only the certificate program, you will need to pay another admission fee (currently \$60.00) if you decide to continue with the MAT program at a later date.

**Financial aid eligibility:** You may be admitted provisionally. Admission with provisions allows you to apply for financial aid. Students generally have one semester to complete their provisions for full admission (good standing).

**Provisional Advisory:** You may not take practicum methods courses (ED 615, ED 616, ED 617, ED 618, ED 619, ECE 661) until you are admitted in good standing, have completed ED 230 and ED 333, and have passed your Praxis CORE exam. All other undergraduate courses are open to students prior to full admission.

**PRAXIS CORE:** You must take the Praxis CORE exam for admission. If you do not pass all sections, you may retake it. See DEED website for additional details.

**PRAXIS II:** The Praxis II test, Elementary Content Knowledge 5018, is required prior to recommendation for student teaching. This is a School of Education requirement. Taking it at the time of admission is not required. The passing score for Praxis II is 143.

**GPA:** You must maintain a 3.0 GPA throughout your program. You must receive a grade of C or better in each course for it to count. C- or lower will not be counted as “passing.” If you get a C-, you will need to retake the course. If you receive a C or lower in two courses, your program status will be re-evaluated.

**GPA – MAT:** For Student Teaching and Master’s courses you must receive a B or better to pass the courses.

# APPLICATION FOR ADMISSION: K-8 ENDORSEMENT

## Overview of K-8 Endorsement Certification and Admission Process

The K-8 Education Endorsement is designed for teachers who possess a current Alaska teaching certificate and wish to earn an endorsement for elementary and middle school (K–8) teaching. All classes are offered online. Upon enrollment, teacher’s transcripts and experience will be evaluated and an appropriate program of study will be prepared. The endorsement will include courses or course equivalency for the content and methodology of K–8 instruction.

**Meet with advisor:** Interested teachers will meet with the Graduate Elementary Program advisor, Dr. Beth Hartley [eahartley@alaska.edu](mailto:eahartley@alaska.edu), to discuss and set up an appropriate course of studies for your K-8 Endorsement program based on your current transcripts and experience in the classroom.

**Application materials** will be sent directly to the Student Services Assistant, Elisabeth Genaux for processing. Please see the K-8 Endorsement webpage for a list of required documentation for applications:

<https://uas.alaska.edu/education/programs/k-8-education.html>

[edgenaux@alaska.edu](mailto:edgenaux@alaska.edu)

Phone number: [907-796-6076](tel:907-796-6076)

Fax number: 907-796-6550

Or mail to: [Hendrickson Annex 101, Juneau Campus](#)

**Approval:** The SOE Director, the program advisor, and the teacher will all sign off on the initial program of studies. You will receive notice from our office when the application process is complete and you have been approved to begin your K-8 Endorsement program.

**Completion:** The teacher then works through this course of studies to complete their K-8 certification requirements. This will include maintaining a 3.0 or better in your coursework, the completion of the elementary Praxis II exam – 5018, and a semester of student teaching in a general education K-8 classroom for a full semester.

**Graduate Application:** You will then complete the UAS graduate application form so that Registration can record the completion of your K-8 Endorsement on your transcripts and the SOE can provide you with documentation of Program Completion so you can apply to DEED for your endorsement.

**Policies:** All the policy expectations and requirements for the Graduate Certificate program, as described in this document, also apply to those earning their K-8 Endorsement.

## SCHEDULING COURSEWORK

Please follow the sequence of course offerings described below for your course of study. Click this link for **Examples of Timelines for Program Completion** [Timeline Examples and Worksheet](#) Please review the examples in the link above and consider your own situation and map out a tentative schedule on the timeline worksheet for your program and review with your advisor

### Preparatory Coursework in the Pre-Admission Phase: Foundational Coursework

#### **ED 230 Introduction to Educational Technology**

This course is offered via e-learning every semester. It introduces technology in current use in the K-8 classroom as well as technology used in our distance delivery at UAS. You will engage in individual and collaborative learning experiences using current technology applicable to the classroom environment. In addition, you will engage in ongoing research and discussion concerning current trends and concerns centered on the use of technology in the classroom. You will use technology to produce a final project that demonstrates your knowledge and skills. The instructor uses a descriptive rubric to assess the final projects. When you have completed ED 230, you will be ready to assist children with classroom technology and learn in the distance environment at UAS.

#### **ED 333 The Learner and the Learning Process**

ED 333 is offered every semester. The class has regularly scheduled meetings by Collaborate and is required prior to any classroom methods course. In this general educational psychology course, you will develop a knowledge base in 4 major areas: development of children ages 4-14 (early childhood, middle childhood and transescence), learning and motivation, foundations of the teaching profession, and beginning lesson design and assessment based on standards. You then complete a project in each areathat is assessed by the professor with feedback.

When you complete this course, you have the general background in development, learning, motivation, and educational planning to be able to begin to plan for student instruction in your practicum courses.

You will have started the process of developing a philosophy of education grounded in theory, research, and experience.

#### **ED320 A, B, C, D, E Series**

You will take either Art, Music or Drama in the ED 320 series, as well as ED 320B PE and ED 320E Health – all one credit courses:

##### **ED 320-A Art in the K-8 Classroom**

In ED 320-A, you develop general knowledge of visual arts, the artistic, and creative processes, and how to integrate the arts into classroom activities. The course requires planning, teaching and assessing an art lesson with children. When you complete this course, you are ready to integrate art into the curriculum in the classroom setting.

Or

##### **ED 320-C Music in the K-8 Classroom**

In this course you learn music fundamentals and how to integrate music into your classroom. The course requires development of music lessons and learning to sing with children. When you complete this course, you will be ready to use music in your K-8 classroom.

Or

##### **ED 320-D Drama in the K-8 Classroom**

We offer this class fall and spring. You will learn principles, methods and materials for teaching drama in elementary and middle school classrooms.

**ED 320-B P.E. in the K-8 Curriculum**

You will learn general principles of physical education, wellness, and the components of a basic P.E. lesson. The final project is a lesson plan for a P.E. lesson assessed by the instructor. When you have completed ED 320-B, you are ready to plan and teach appropriate P.E. lessons within the classroom setting.

**ED 320-E Health in the K-8 Curriculum**

Introduction to current philosophies in health education for elementary and middle-school students. Skills and techniques needed by teachers to provide a sound health education program.

**EDSE 482 The Inclusive Classroom**

This course is offered every semester and addresses the rights and education of children with disabilities. This course covers the philosophical, legal and programmatic foundations of collaboration and partnerships, including legal implications, how legislation has affected the classroom, confidentiality and parental rights, changes in educational practices, roles and responsibilities of the general education teacher, as well as service delivery in rural and remote Alaska. Upon completion of this course, you will be able to differentiate instruction for all students and plan for accommodations for students with Individualized Education Programs (IEP) in the general education classroom. 3 Credits

## PHASE 2: PRACTICUM METHODS: PRACTICING TEACHING

In addition to the courses listed above, classes that help you provide culturally responsive instruction that addresses the individual and collective strengths of diverse students in varied learning environments are part of this phase of your program. The courses below may be taken prior to or during the practicum methods phase.

### Methods Courses (Courses that don't require field placements)

#### **ED 620 Curriculum Development**

A foundations course that introduces you to curriculum planning and assessment. Course covers introduction to standards, backward design, lesson planning, objectives, and assessment. You will create a backward design lesson plan and a full unit of instruction to demonstrate deep understanding of instructional design. Additionally, you will focus on assessment strategies and standardized testing to design an assessment portfolio. 3 credits.

#### **ED 680 Multicultural Education Seminar**

This course focuses on effective ways of accommodating cultural diversity in the classroom, and facilitating the appreciation of the differences that exist among people. Explores ways teachers and school systems can support equitable learning for all students and appreciation for differences.

Includes issues of the indigenous populations of Alaska and rural schooling, with attention to the Alaska Standards for Culturally Responsive Schools. Explores possibilities in prejudice reduction, curricular inclusion, an empowering school culture, and equity pedagogy. Students design lessons on a variety of cultural topics. This class is offered in the summer and fall and meets the Alaska Department of Education requirement for multicultural education. 3 credits.

#### **ALST 603 Alaska Literature for Young People**

The course is currently scheduled for the summer semester which includes a one-week intensive on campus in Juneau. The course places focus on the wide range of literature about Alaska and the North that is available for young people. Projects include reading and annotating books, creating curriculum, evaluation of literature especially from an indigenous perspective, and the creation of a reading list for Alaska studies. 3 Credits. **IMPORTANT! This course is offered via e-learning for the entire summer semester. The course also requires a week-long residency in Juneau on the UAS campus during the first full week of June after Memorial Day. Please plan for travel and lodging accordingly.**

### Practicum Methods Courses (Courses that require field placements)

Once you are admitted to the program, have passed the Praxis Core, have completed at the minimum ED 230 and ED 333, and have secured your Interested Persons Report, you are eligible to begin the practicum phase of the program. This is when you begin to apply your knowledge in K-8 classrooms in the context of 6 methods courses. The methods classes cover the “big 4” areas of content, language arts at both the primary and intermediate/middle school levels in ECE661 and ED615, mathematics in ED616, science in ED617, and social studies in ED618. ED619 focuses on classroom management and discipline.

Each methods course requires a minimum of 30 hours of field experience in a classroom, based on current standards of practice. There are options for those candidates who are hired as full-time teachers. Meet with your advisor to discuss those.

### **ECE 661 Advanced Studies in Young Children and Literacy**

We offer two courses in literacy. This course is offered every spring and fall, providing a developmental perspective on emergent and early reading and writing. You observe children's preliterate behaviors and learn to facilitate and assess emergent reading, writing, and spelling. The professor assesses your work using descriptive rubrics.

When finished with this course, you will have a theoretical as well as practical background in young children's literacy and be prepared to teach reading and writing in the primary grades during student teaching. **IMPORTANT:** The practicum for this class should be conducted in (K-1st grade). Plan on taking ECE 661 prior to taking ED 615.

### **ED 615 Literacy in the Intermediate Grades**

This companion course in literacy is offered every fall and spring semester and focuses on intermediate and middle school reading and writing. Candidates develop effective teaching practices to ensure growth and academic success for all students. Integrating their philosophy of literacy, program and course content, and classroom experiences, candidates plan and provide appropriate instruction, assess and monitor student development, practice effective communication with parents, and engage in peer and professional collaboration.

Course content is applicable to the practicum experience and the major projects required. In one project, the strengths, needs, and growth of one student as a reader and a writer are analyzed and organized into a portfolio of the child's semester-long development. In another, candidates apply their philosophy and key understandings to the design and explanation of an ideal literacy program. Candidates also fully engage in the writing process, facilitate reading and writing workshops and design and teach content area literacy lessons. At the end of this class, each candidate will be prepared to teach reading and writing to students in intermediate and middle school classrooms.

### **ED 616 Math Methods in the K-8 Classroom**

This course is offered fall and spring. The course provides the opportunity to explore the theoretical basis for planning, instruction, and assessment of K-8 students' learning of math. Candidates plan, teach, and assess at 3 math lessons targeting different areas within the math curriculum. All the lessons are at the discretion and with the support of your host teacher and are evaluated by your professor.

Candidates present, discuss, and reflect on their growing expertise in teaching math synchronously through Collaborate and asynchronously through Blackboard. The top priority is always the highest quality teaching and learning, aligned with the current Alaska Mathematics Standards.

### **ED 617 Science Methods in the K-8 Classroom**

This course is offered fall and spring. The course models the most effective methods of teaching science and inspiring children to learn science. These methods range from place-based learning to virtual labs and simulations. Candidates plan, teach and assess at least four science lessons and design and construct a science learning center. All the lessons are at the discretion and with the support of your host teacher and are evaluated by your professor. Candidates present, discuss, and reflect on their growing expertise in teaching science synchronously through Collaborate and asynchronously through Blackboard.

The top priority is always the highest quality teaching and learning, aligned with the Next Generation Science Standards.

### **ED 618 Teaching Social Studies in the K-8 Classroom**

In this course, offered fall and spring, you interpret, analyze, evaluate, and apply the content of social studies to the K-8 curriculum. You will read, analyze, and evaluate current research on social studies instruction. You will implement applications of the inquiry process, transmission, and constructivist models, and a variety of instructional strategies including the use of primary source materials. You will develop and implement appropriate backwards design, standards-based lessons and purposefully integrate technology into these

lessons. Because social studies is not always taught at a consistent time in elementary schools, we recommend a middle school placement for your practicum.

### **ED 619 Classroom Management and Discipline**

This class, offered every spring and fall, allows you to develop specific plans for classroom management and develop and experiment with a philosophy of discipline. After review of theories and guided observation in classrooms, you prepare a written plan for classroom management and analyze your interactions with students in disciplinary actions. The professor assesses your written projects using rubrics.

You are expected to reflect upon and justify your interactions with students in disciplinary actions. By the end of this course, you should have a general discipline plan and be aware of the intricacies of organizing and managing an effective learning environment that encourages student responsibility and higher-level thinking. We suggest that you take this course as close to student teaching as possible

### **Next Step – Student Teaching**

During the final semester of methods courses, you will apply for student teaching for the following semester. You must have a GPA of 3.0 in methods courses, and if necessary, provide a short autobiography. These materials are sent to school district representatives who oversee the selection of host teachers for the following semester.

## **Preparation for Practicum Teaching**

In each of these courses, we emphasize developing a theoretical and research base for the methods and their practical application in the classroom. Candidates who successfully complete these 6 courses and all other certificate program coursework are ready to apply for student teaching.

**Practicum Packet:** Please access and review the separate Practicum Packet for further details about placements and your practicum responsibilities. The Practicum Packet is in the Resources section of the practicum course website and also on the [SOE Elementary Education program website](#).

**Practicum Orientation:** A required orientation to review the practicum policies and requirements for all candidates beginning practicum courses. It is usually held as a Zoom meeting before or right at the beginning of the semester.

**LiveText:** Prior to taking any practicum course, you must register for and purchase your LiveText account. You will be using LiveText as your online portfolio and assessment system for the methods courses, your student teaching, and your master's courses. Your host teachers in your practicum and student teaching will use this system to assess your work in the classroom. Please follow the instructions on our website page to purchase your LiveText account. [LiveText Instructions](#)

**Secure an Interested Persons Report (IPR):** Candidates must also secure an Interested Persons Report (IPR) from a local law enforcement agency and submit it to the Graduate Elementary Program Assistant. This will not be necessary if you are already hired by the district in which you will be conducting your practicum courses. This background check is required before engaging in practicum classes where Candidates will be working with students in the public education setting. These are active for one year and must be renewed, as needed. You will need to submit a copy of your active IPR to the SOE office: [edgenaux@alaska.edu](mailto:edgenaux@alaska.edu).

## Policies for Practicum Placement

Practicum placements are determined by guidelines from your school district. If you work in the school as a volunteer or staff, please contact your local principal for assistance in finding an appropriate placement. If you are not connected with a local school, you should contact the principal or teacher in charge for help in assigning your classroom. Your instructors will give you an information sheet for the practicum teacher that will help in making decisions about a proper placement.

If you're in Juneau, Anchorage, Sitka, Kodiak, or Kenai, your district office would like to be informed of your needs so they may assist in your placement. Fairbanks students will contact UAF for placement directions.

### Attendance

A practicum or student teacher is considered a member of the school faculty. As a practicum student, you should determine your weekly schedule with your host teacher.

### Observing in the Classroom

Most candidates will begin their practicum as observers. Use this initial period to become acquainted with the students, learn their names, their characteristics, and individual differences.

Observation is a purposeful activity guided by a clearly formulated definition of what is to be learned. Good observation is analytic and active, the antithesis of just watching. You may record significant information about processes and procedures, look for answers to previously formed questions, and remember to be a learner at all times, not a critic.

### Planning

When you are teaching a lesson, you should have all lesson plans prepared in advance. Go over the lessons in advance with the host teacher when possible.

### Assessment

In many of your practicum courses and throughout student teaching, you will be observed and assessed during your teaching and interactions with children. Assessment is most valuable when the candidate and observer can discuss the goals of the observation in advance. This process is always formative and meant to be a productive, supportive way to help you become a better teacher. As evidence of practice, you are asked to self-assess, as the host teacher gives ongoing feedback. They will complete a Practicum Assessment Form and a Professional Characteristics Form as they evaluate your dispositions and skills in the classroom.

**PAF and PCF:** In addition to the LiveText assessments of your lesson teaching and projects, All Practicum courses require the host teacher to complete a final [Practicum Assessment Form and a Professional Characteristics Form](#). Your course instructor and your advisor will review these to evaluate your progress as a professional.

### Lesson Design

All students will use the following [lesson design template](#). You may be asked to provide additional information in your various courses, but this template remains the backbone of any lesson you write up. Remember that you must provide a lesson design for any lesson that is observed by a host teacher or supervisor.

### Confidentiality

Hold in strict confidence information from your contact with teachers and students. Avoid gossiping or criticizing the school and its personnel. Concerns should be discussed in private with the host teacher or your instructor. Information found in a student's cumulative records should be held in strict confidence. Children used as case studies should be identified with either a first name only or a pseudonym.

## PHASE 3: STUDENT TEACHING

### Gate 2: Admission to Student Teaching

#### Preparation for Student Teaching

**The Student Teaching Handbook** is posted on our website that contains the specifics for the semester long elementary student teaching internship. Please review the handbook carefully so you are aware of policies and expectations. <https://uas.alaska.edu/education/programs/elementary-education.html>

**PRAXIS II:** You must take and pass the Praxis II Elementary Content Knowledge test 5018 prior to student teaching. If you wish to student teach in middle school, you must take and pass the appropriate middle school Praxis II test and you must make arrangements with your advisor since this placement requires complex logistics.

**Student Teaching Application:** You will find the UAS Student Teaching Application on this website: <https://uas.alaska.edu/education/student-services/teaching-authorization.html>

If you are student teaching in the Anchorage School District, please see their website for due dates and online application: Their due dates are the end of September for Spring and end of February for Fall. <https://www.asdk12.org/Page/6649>

If you are student teaching with the Mat-Su School District, go to the Mat-Su office of instruction site <https://www.matsuk12.us/Page/30971>

If you are student teaching in the Kenai, Kodiak or Fairbanks districts, please contact your school district for specific application procedures.

NOTE: Advisor approval is required for middle school placements.

**Please do not approach teachers about being your host teacher for student teaching.** Protocol requires that you make your request in writing on your UAS and District applications; district administrations will work with the placement coordinator and your advisor to make the best placement possible for you. Also please remember that student teaching for the K-8 certificate must be accomplished in a K-8 public school, general education, setting. Again, you must make prior arrangements with your advisor to student teach in middle school. Student teaching for elementary **may not** be conducted in a high school, a special education, intervention pull-out program, other special classroom, or at a private school.

**Any individual variance** to the prerequisites to student teaching must be requested in writing and approved by your advisor.

**All student teachers must have a current teaching certificate.** We recommend the Initial Certificate, K-8 OR the Student Teacher Authorization. Please see the DEED website <https://education.alaska.gov/teachercertification/certification/initial> for the application procedures.

**Remember, this must be done well in advance of student teaching.  
We recommend 2-3 months prior to when your student teaching starts.  
Praxis scores may take up to a month to arrive to our program.  
PLEASE PLAN AHEAD!**

## Application For Student Teaching: Detail

Please complete your [UAS Student Teaching Application](#) in at the beginning of the Fall or Spring semester prior to your student teaching. This is required of all student teachers, even if you have already been or are being hired to teach in a school district. This application is unique to the School of Education and must be completed.

### Requirements For Admission To Student Teaching

Completion of program courses with a GPA of 3.0 or better

Completed UAS application for Student Teaching form with advisor's recommendation. Advisor makes use of the practicum assessment forms and professional dispositions progress reports from the methods courses to make this recommendation; and

Either Student Teacher Authorization or Initial Alaska Certificate. We recommend the Initial Certificate.

A score of 143 or better on Praxis II, Elementary Content Knowledge test 5018

Students in Anchorage, Mat Su and Fairbanks must complete the district's online application

The Placement Coordinator will assist you in finding the appropriate placement for you pending the approval of the school district.

### Student Teaching Application Procedures

Student teaching applications WILL NOT be considered until ALL application materials are received. The following materials must be submitted as part of your student teaching application:

- Completed and signed SOE student teaching application;
- Eligibility waiver request if needed;
- Release of Information form;
- COPIES of application documents sent to DEED. This includes the completed fingerprint cards, the Student Teacher Authorization (2 pages) OR Initial Certification (12 pages), and appropriate fee.
- If using the Student Teacher Authorization, when sending to DEED, include a cashier's check or money order for \$60 made out to Department of Education & Early Development. If using the Initial Certification, include the \$60 fingerprint fee and \$200 application fee, for a total of \$260 (Cashier's check or money order ONLY; No personal checks are accepted!)

**Applicants who are student teaching outside Alaska** do not need to submit a fingerprint packet to DEED, however they must comply with their current State's requirements for student teaching.

All practicum courses and related assessments must be completed by the end of the semester prior to student teaching. We will access these on LiveText. Practicum/methods classes may not be taken during student teaching.

## Student Teaching Application Deadlines

- March 30th for Fall semester student teaching (Anchorage School District requires last day of February)
- September 15th for Spring semester student teaching

## Eligibility Requirements for Student Teaching

- Full admission (good standing) to the MAT Elementary program;
- 3.0 or above GPA in program coursework; and
- All coursework must be completed prior to starting student teaching.

**NOTE:** For special instances, advisor permission is required.

### Eligibility Waiver Request

Applicants who have not fulfilled all eligibility requirements but wish to apply for waiver of an eligibility requirement must write a letter to their advisor explaining what requirement is not completed and why a waiver is warranted. This waiver must accompany your student teaching application.

### Fingerprint Packet

Fingerprints must be rolled within one year by the time they reach the FBI. DEED requires its own set of fingerprint cards. They will not accept fingerprinting previously completed for a school district. The only exception may be if you are already certified in Alaska, so check with DEED Teacher Certification first.

### SEND YOUR ORIGINAL FINGERPRINT PACKET TO DEED, with a COPY to:

Administrative Assistant, School of Education

[uas.education@alaska.edu](mailto:uas.education@alaska.edu)

or mail to:

University of Alaska Southeast

11066 Auke Lake Way

Juneau, AK 99801

## ED 688 Student Teaching – 6 Credit hours

**Institutional Recommendation:** Student teaching is the capstone of the elementary Graduate Certificate program. Upon successful completion of this course, you are eligible for an Institutional Recommendation for the Alaska Initial Teaching Certificate, Elementary (K-8) endorsement.

**Documentation:** Graduate students will be required to obtain either a Student Teaching Authorization or an Initial Teaching Certificate from the Alaska Department of Education and Early Development (DEED) in order to be eligible to start student teaching. Upon receiving this certificate students are required to provide the School of Education with a copy and provide their host principal/school with a copy prior to the start of the student teaching experience.

**Start Dates for Internships:** In the fall, student teachers begin the same day teachers start their contracts – usually mid to late August. In the spring, you begin either the day after winter break or at the beginning of the school's new semester on the first contract day back for the teacher.

**Student Teaching Schedule:** Student teachers are expected to mirror and follow the daily schedules of the teachers in their buildings. Student teaching generally lasts a full semester; however, timelines may be adjusted/extended by your UAS supervisor to allow the candidate to meet all required performances. Student teaching is always at least 15 weeks. Consider your internship as a full-time job, with all the attendant responsibilities for the semester, and plan accordingly.

**Focus of Internship:** As a student teacher, you will focus on applying the knowledge, skills, and dispositions learned in previous methods coursework to the learning and development of your students. Most of your time will be spent in the school, practicing teaching. Outside time will require planning and preparing lessons, etc.

**Gradual Release of Responsibility:** You assist the host teacher as assigned. At the start of the internship, the student teacher begins with small tasks such as tutoring, reading aloud, spelling, etc., as the host teacher assigns. Subjects are added to the until the student teacher is in charge of planning, teaching, and evaluating full time. The student teacher has these “solo” responsibilities for at least 6, consecutive weeks. Then the student teacher steps back as the host teacher gradually takes charge of the class. **Alaska State regulations require student teachers to log 500 hours in their internship classroom for certification eligibility.**

**Planning:** The student teacher and host teacher plan their schedule of instruction together. The timing in each situation is different and is agreed upon by the host teacher, the principal, the UAS supervisor, and the student teacher. We will make every effort to accommodate individual differences and situations. However, all required assignments are standards-based and are the same in all placements.

**Student Teaching Assessments/Assignments:** During student teaching, State, SOE, and program standards are assessed in a variety of ways. Your host teacher and UAS supervisor will provide regular coaching feedback and encouragement. All evaluations will be found on LiveText. These include, but are not limited to, the following:

**Formal lessons** are assessed with a lesson observation form. At midterm, you and your host teacher , and supervisor (as needed) will have a goal setting session using the formative **ECPC (Evaluation of Classroom Practice and Content)** and the PCA (Professional Characteristics Assessment.) At the end of student teaching, your host teacher and supervisor will complete the summative ECPC and PCA after conducting your final Exit Interview.

**A formative and summative Student Teaching Observation Template (STOT )** will be completed by your supervisor during the semester.

Your dispositions – classroom and professional behaviors - as a teacher will be evaluated using a formative and summative **Professional Characteristics Assessment (PCA)**.

You provide further evidence of your knowledge of and competency with the standards by developing and implementing a **Teacher Work Sample** and an integrated, standards-based, **UbD Unit**, finishing the semester with a formal standards-based **Exit Interview**.

**ED688 Seminar:** A biweekly seminar is offered to guide student teachers through the required assignments. The schedule is included on the ED688 course website. You will need to register for 6 credits unless you have made other arrangements with your advisor.

**Student Teacher Handbook:** Details of student teaching are found in the Student Teacher Handbook which serves as the syllabus for the internship. This is always posted on the ED 688 UASOnline course site and on the program website: <https://uas.alaska.edu/education/programs/elementary-education.html>

## **After Student Teaching Applying for your Initial Teaching Certificate**

When you successfully complete student teaching, you are eligible to reapply for the Alaska Initial Teaching Certificate with a K-8 endorsement (see DEED website:

<https://education.alaska.gov/teachercertification/apply>

If you had an Initial Certificate while student teaching, you are eligible to renew. If you had a Student Teacher Authorization, you are eligible for the Initial Certificate and must possess this certificate prior to applying for the Professional Certificate.

You will apply directly to DEED through our office. Remember that you must pass the Praxis Core prior to admission to the program and the Praxis II, subtest 5018, in order for us to recommend you for the teaching certificate.

### **You must request the Program Verification from our office.**

When your certificate program is completed (course work and student teaching), you request a Program Verification form from the Administrative Assistant via email. The Program Verification form will be given to the Director for signature. Then it will be sent to you to include in your application packet to DEED. DEED requires that all parts of the application be sent to them in one packet, along with a cashier's check or money order. No personal checks will be accepted by DEED!

### **Teaching Certificate**

An official teaching certificate will be mailed to you from DEED in a few months. If you apply for a teaching position and need proof of program completion, our office will provide a letter of completion stating that you have met all requirements for the certificate.

Then you will be ready to look for your first teaching position! We encourage you to participate in the Job Fair that occurs every April in Anchorage. Once you are teaching, we encourage you to continue by completing the Master's portion of the program.

### **Surveys**

At the end of your certificate program, the SOE asks you to evaluate the program effectiveness in terms of delivery, etc. At the end of your first and third years of teaching, the SOE contacts you to provide feedback and evaluate how well you were prepared for the teaching profession. Please complete these surveys as they provide valuable information for program improvement and for the accreditation of our programs.

### **“Emergency” Teaching Certificate:**

Alaska Senate Bill 86 allows a waiver of normal teacher certification requirements (completion of a teacher preparation program) so school districts can hire teachers in areas of teacher shortages. Eligible candidates 1) have a bachelor's degree; 2) have passed the Praxis Core examination; 3) have successfully completed a background check; and 4) are actively enrolled in a teacher certificate program. The requesting school district has to confirm with the DEED of their intent to hire. Please consult the DEED website for details on the duration and renewal of Initial Teaching Certificates.

## Policies for Student Teacher Placement

1. Student teachers in the K-8 programs are offered student teaching internships in their own communities when appropriate placements are available in local schools.
2. Student teacher applications are due March 30th for fall and September 15th for spring. Late applications may not be honored. This time frame allows the University to place all student teachers in appropriate settings.
3. The student teacher placement is done jointly by the administration of the school or district, and the University Placement Coordinator. Students should not approach teachers asking for a student teacher placement.
4. Student teachers may be placed in communities other than their own when an appropriate placement is unavailable in their local community. The University makes every effort to place the student in a community where a local UAS faculty member is available for supervision or where a University education faculty member is already traveling. The out-of-town placement does not demand extra travel cost for the University or the student; however, the student must incur expenses of personal travel and housing.
5. If a student elects to student teach in a community other than their own, and traveling faculty are not available in the area, the student will need advisor and SOE Director approvals. The student will incur the expense of travel for supervision that would be above the cost of supervision in the local community. The student will also incur expenses of personal travel and housing.
6. Occasionally, a student faces an unavoidable move out of state prior to the end of the program. In these cases, a student in good standing may request an appropriate placement in the new location. If an appropriate placement is available and a qualified person can be located to supervise the student, UAS can, on approval, hire that individual to supervise the student. These placements must be organized in advance and approved by the SOE Director, the faculty advisor and often by the local university in the new location. Cost beyond normal supervision may be charged to the student

## PHASE 4: MASTER'S STUDY

Once you are teaching, or are working in a school, you take the 2 final classes that support you as a beginning teacher and strengthen the link between theory and practice. In addition to the course where you conduct a qualitative Classroom Research project, is the Master's Portfolio, the program capstone where you use your MAT program/teaching artifacts and projects to create a professional portfolio based on the School of Education Conceptual Framework. For this final product you develop reflective pieces that tie best practices, theory and research to your teaching practice.

### ED 626 Classroom Research

As a Master's candidate, you will learn and apply techniques for designing and conducting qualitative classroom research in order to conduct a study to improve student learning in your own classroom. Once you complete this course, you know how to use action research to improve student learning.

**Requirement:** You will need to have regular and consistent access to a group of students in a classroom setting for the purposes of this research process for the entire semester.

### ED 698 Master's Portfolio

This capstone for the MAT gives you support in preparing your Master's portfolio. Your Portfolio includes standards informed framing statements that underpin your practice with a review of theoretical and research support supported by artifacts taken from your program studies and student teaching. Your committee reviews the Master's portfolio using the Portfolio Rubric. When you complete this course, you demonstrate that you are an informed, reflective, and responsive teacher.

**TIP!** Keep track of student work, projects, pictures, and other artifacts of practice as you go through your field-work and courses.

### Graduate Committee

For the Master's Portfolio, you will need a graduate committee. Generally, this consists of your advisor, another faculty member assigned to you, and a person you select from the professional community.

## Graduation – Elementary MAT

**Application for Graduation:** You must file an application for graduation (<https://www.uas.alaska.edu/registrar/graduation/index.html>) early in your last semester in ED 698. Our office can email you the application if you can't access the link. This is the application you must complete in order for your Master in Teaching degree to be posted on your transcript.

**UAS Ceremony:** University of Alaska Southeast graduation usually occurs the first weekend in May. We encourage you to attend the ceremony in Juneau so we can celebrate your accomplishment with you.

**If you are not in Juneau:** Candidates who cannot come to Juneau may graduate at a local college in the University of Alaska system if you contact us to make arrangements for you. An additional application is required for participation in the graduation ceremony at the end of Spring semester. Contact your local campus Registrar for further information. A special hooding ceremony is sometimes held in the Anchorage area for local UAS graduates.

## FINISHING UP

### Gate 3: Graduate Certificate, K-8 Endorsement, And Mat

#### **K-8 Graduate Certificate and K-8 Endorsement**

You will receive your Institutional Recommendation for the K-8 Graduate Certificate or Endorsement when all program requirements are complete. These include completion of ED 688 and all program requirements.

Once you have completed your coursework and student teaching requirements, it is your responsibility to request and receive an Institutional Recommendation form from the SOE, and apply to DEED for the certificate. You must complete these in this order so that DEED has your Institutional Recommendation when they receive your application for the certificate.

Successful completion of Praxis II is required by the State and the University and must be logged in on the University database before you will be issued your certificate.

#### **Elementary MAT Degree**

Upon completion of your graduate coursework, ED 626 Classroom Research and ED 698 Master's Portfolio, you are ready to graduate with the MAT degree. Procedures for the Advancement to Candidacy and applying for graduation are found in the UAS catalogue and website.

If you only applied for the Graduate Certificate, and later decide to continue with the MAT degree, you will need to reapply

# APPENDICIES

## PROGRAM RESPONSIBILITIES

### Academic Advisor

Your academic advisor is your mentor throughout the program. The advisor oversees your courses and performance and is available for academic counseling when needed.

#### Specifically, advisor responsibilities include:

1. conducting initial interview;
2. reviewing your undergraduate transcripts and recommending any prerequisites;
3. overseeing your program through the program gates;
4. providing information about the programs by introducing you to the Handbook;
5. overseeing student teacher placements in coordination with the Placement Coordinator; recommending you for student teaching to the Director of Education at UAS to sign the Institutional Recommendation for your certificate; and
6. serving as your graduate committee chairperson.

## PRACTICUM FIELD EXPERIENCE RESPONSIBILITIES

### Practicum Host Teacher

The practicum host teacher supervises candidates in K-8 classrooms. The practicum experiences are linked to our six methods courses that are the core part of our Practicum/Methods phase. Practicum teachers are volunteers who host candidates in the classroom approximately 3 hours per week for each class. Practicum host teachers are volunteers

Practicum host teachers provide opportunities for candidates to observe, assist, and teach in the classroom. They approve lessons the candidates prepare for teaching and provide feedback before, during, and after teaching. At the end of the semester, practicum host teachers assess candidates' content and classroom effectiveness via the Professional Characteristics Form (PCF) and the Practicum Assessment Form (PAF).

Completion of these forms is very important as all candidates must complete 6 successful practicum experiences to be eligible for student teaching.

**Course Credit:** The SOE typically offers a 1, 2 or 3-credit ED593 course for practicum host teachers. Additionally, practicum host teachers are invited to register for methods courses along with the candidates they supervise.

#### Specifically, the Practicum Host Teacher:

1. Welcomes the practicum student into the classroom and introduces him/her to the student
2. Asks the practicum student for the class syllabus and reviews expectations for the practicum student
3. Provides a seating chart or other materials so the practicum student can learn names
4. Assists the practicum student in becoming familiar with standards and local curriculum, and with classroom curriculum for the semester
5. Acquaints the practicum student with appropriate school policies, personnel, materials, resources, and programs
6. Requires lesson plans from the practicum student in advance of teaching lessons or initiating projects

7. Observes the practicum student and provides constructive feedback via LiveTextCompletes the [Practicum Assessment Form \(PAF\)](#), found on the LiveText field experience module, at the end of the class (and, if comfortable doing so, shares this assessment with the practicum student)
8. Completes the [Professional Characteristics Form](#); and  
Notifies the methods teacher if there are questions or concerns.

## School Administration For Practicum Students

Local principals provide the link between UAS and the classroom. All placements of practicum students and student teachers are made through school principals or the district HR. Practicum students will make a request for placement to the principal of the desired school. Ketchikan and Kenai HR need to be contacted, as well. The School of Education placement coordinator will assist with this.

# STUDENT TEACHING INTERNSHIP RESPONSIBILITIES

## Host Teacher Responsibilities

The host teacher supervises candidates during the student teaching phase of your programs. The host teacher guides the student teacher in every way and serves as a mentor, teacher, and evaluator. The host teacher is the single most important influence on the student teacher's development as a teacher. The host teacher is a volunteer.

The host teacher assists the student teacher to develop as a professional by aiding in the transition from university student to teacher; helping in development of an understanding of the aims and purposes of education, fostering an atmosphere in which self-assessment and reflection are valued, and providing opportunities for the student teacher to interact with other faculty.

## Specific responsibilities of the supervising host teacher:

1. Becomes familiar with the background of the student teacher and using this information to help the student teacher grow as a professional;
2. Prepares students in the class for the student teacher's participationCreates an atmosphere in which the student teacher has a feeling of belonging and authority;
3. Provides a desk and work-space for the student teacher;
4. Reviews program expectations with the student teacher and UAS supervisor;
5. Requests the student teacher's assistance in setting up the room prior to the beginning of the school year (Fall semester);
6. Introduces the student teacher to faculty, staff, parents, and community;
7. Acquaints the student teacher with the needs of the students, the curriculum, standards, and planning for instruction that semester;
8. Acquaints the student teacher with all the assessment and recordkeeping responsibilities that the host teacher maintains;
9. Provides the student teacher with books, materials, and a computer if possible;
10. Communicates with the student teacher and UAS supervisor if there are questions or concerns;
11. Provides a seating chart or other materials so the student teacher can learn names of the students;
12. Acquaints the student teacher with appropriate school policies, personnel, materials, resources, and programs;
13. Demonstrates and modeling a variety of teaching techniques and strategies;Develops a schedule with the student teacher for the semester that includes taking over of subjects and time periods, solo teaching, and shifting back of full-time teaching responsibilities and defining the extent of the student teacher's responsibilities;
14. Requires and previews lesson plans in advance of teaching lessons and units;
15. Assists the student teacher to locate materials and teacher resources;Observes the student teacher and providing specific constructive feedback via LiveText on the [lesson observation form](#).

16. Provides ongoing feedback, encouragement, and recognition of success
17. Provides [formal, written evaluations as requested from the UAS supervisor](#);
18. Allows the student teacher to “solo” for 6 weeks and leaving the room to give the student teacher complete responsibility for teaching and management;
19. Completes a formative goal setting [Evaluation of Classroom Practice](#) form at midterm with the Student teacher, participating in conferences to discuss the evaluations, and helping the student teacher make goals for improvement;
20. Completes the formative and summative [Professional Characteristics Assessments](#);
21. Writes a final evaluation summarizing the SOE competencies;
22. Provides an opportunity for the student teacher to participate in quarterly report card/parent conference assessments; and
23. Provides time for and maintains communication with the UAS supervisor.

NOTE: Host teachers may receive university credit for student teacher supervision by registering for ED 593, Supervision of Student Teachers. Registration is completed online. A stipend may also be offered to the host teacher for their services and support.

## **School Administration Responsibilities**

### **Specific responsibilities of the principals include:**

1. Signs the Memorandum of Agreement with UAS as part of the admissions process, as appropriate.
2. Coordinates the placement of student teaching candidates;
3. Welcomes candidates in the building and providing support as requested;
4. Observes the student teacher;
5. Might write a letter of recommendation for the student teacher; and
6. Might participate in an exit interview of the student teacher.

## **UAS Faculty**

The faculty and UAS supervisors provide the link between the UAS and the school settings. UAS faculty teach all of the practicum courses by distance, while supervisors go into the field to monitor student teachers.

### **Specific responsibilities of program faculty include:**

1. Provide clear statements of course assignments for student teachers and practicum teachers
2. Provide contact information to address any questions from host teachers; and
3. Assign course grades and monitoring candidate dispositions.

## **University Supervisors**

1. Provides an orientation to the student teacher and host teacher; explains requirements and monitors assignments
2. Visits or contacts schools regularly. Generally, the UAS supervisor visits local schools weekly to a minimum of monthly. Remote sites are visited for more extended stays only once;
3. Serves as a mentor, advisor, and evaluator for the student teacher;
4. Facilitates communication between all parties;
5. Assists the student teacher and host teacher as requested;
6. Provides assessments and observations, including the [ECPC](#) and [STOT](#), on Live Text, and participates in midterm and final conferences;
7. Provides a final written assessment based on the SOE competencies;
8. Evaluates the TWS, UbD Unit, Exit Interview and other written assignments; and
9. Assigns the final grade for the class.

## **Student Teacher/ Candidate Responsibilities**

Students in our programs are called candidates. You become a candidate once you are accepted into the K-8 Certificate and/or MAT program. As a candidate, you may also be known as a practicum student, a student teacher, or a Master's candidate as you progress through your program. As a candidate, you have many responsibilities, including completing the program as well as participating in your local school community.

Candidates are responsible to maintain the professional and ethical dispositions of a person in the education profession.

## **RESPONSIBILITIES: PORTFOLIO**

### **Masters Candidate Responsibilities**

#### **Capstone Project: Master's Portfolio**

Once Student Teaching is successfully completed and if the Candidate is moving forward to completing their Master's degree, they will complete a classroom research project and finish up with their Master's Portfolio as the capstone project.

### **Graduate Committee Responsibilities**

Faculty and professional community members make up the 3-member graduate committee for all MAT candidates. Specific responsibilities of the committee members include:

1. Give feedback, encouragement, and professional guidance as the candidate develops the Master's portfolio;
2. Evaluate the Master's portfolio using the Master's Portfolio Rubric on LiveText.
3. Sign off on the Master's degree.

## **Guidelines for Completing Your Program: Summary**

Candidates are expected to follow program requirements outlined in this Handbook. The School of Education is fully accredited by the CAEP (Council for the Accreditation of Educator Preparation). The SOE Graduate Elementary programs are also Nationally Recognized by the Association for Childhood Education International (ACEI). And fully accredited through CAEP. As a candidate, you must adhere to requirements laid out by your program and in accordance with CAEP and InTASC,

### **Policies and Requirements for Elementary Certificate and MAT**

1. This program must be completed within 7 years after the starting semester of the first program class taken.
2. Transfer credits into these programs are evaluated on a case-by-case basis. No course older than 7 years old will be eligible
3. Candidates must complete ED 230 and ED 333 and the foundation courses to be admitted to the program and before participating in the graduate level methods courses: ED 615, ED 616, ED 617, ED 618, ED 619, ED 621ABC and ECE 661.
4. Any deviation from the program must be petitioned in writing to the SOE Director of Education. Your advisor will help you prepare the appropriate paperwork
5. The MAT Elementary program includes a K-8 teaching certificate. At least one practicum placement must be at each level: Primary K-2, Intermediate 3-5, and Middle School, 6-8.
6. You must be fully admitted to your program before working in the classroom as a practicum student.
7. Each practicum methods course requires a minimum of 3 hours of practicum weekly in an elementary or middle school classroom per week - minimum 30 hours field experience.
8. Student teacher internships require 500 hours of field experience in a K-6 Gen-Ed classroom.
9. Successful completion of all initial licensure program coursework is required prior to the start of student teaching, unless a waiver is approved.
10. Student teacher placement is the responsibility of the University, not the candidate. Policies for student teacher placement are described in this Handbook.
11. We recommend that candidates not take other courses during student teaching. Candidates should plan on a minimum of 15 weeks for full-time student teaching.
12. Students must maintain a 3.0 GPA. A grade of C- or lower in any program course is unacceptable and must be repeated for the credit to apply. If you receive two C's in your initial program coursework, your program status will come under review.
13. Students must receive a B or better in all MAT coursework to earn the Masters of Teaching degree.
14. Students must maintain professional dispositions with the local schools, the University, and the professional community. A Professional Dispositions checklist and protocol are provided in this Handbook.

15. Students must dress professionally in a manner consistent with the usual attire of the regular teaching staff. Be exceedingly careful with personal grooming
16. You will be spending a great deal of time in your local public school. Our primary expectation is that you will provide service to the school and your presence will be an asset to the education of the children in your practicum classrooms and your student teaching assignment. Keeping this in mind, please follow these guidelines.
17. Candidates must abide by the Alaska Teaching Profession Code of Ethics at all times.
18. Confidentiality: Hold in strict confidence information from your contact with teachers and students. Avoid gossiping or criticizing the school and its personnel. Concerns should be discussed in private with the host teacher or your instructor. Information found in a student's cumulative records should be held in strict confidence. Children used as case studies should be identified with either a first name only or a pseudonym.
19. Candidates use Microsoft Word for written documents and may submit papers in MS Word or as PDFs (with the exception of media submissions), and format papers in correct [APA](#) formatting
20. Contract: Every candidate is required to sign the contract on the last page of this Handbook. Breach of the contract may result in expulsion from the program.

## PROFESSIONAL DISPOSITIONS

There are times when the University supervisor, the Host Teacher, and/or the Administrator sees the need to review the ethical and professional behaviors of a practicum or student teacher.

The documents found on this link: Professional Dispositions

[https://docs.google.com/document/d/1gvHMTY\\_pgTpc2NgbpjHJ6zIKOhiMg1Bo9CRJs0e9jLs/edit](https://docs.google.com/document/d/1gvHMTY_pgTpc2NgbpjHJ6zIKOhiMg1Bo9CRJs0e9jLs/edit) are used when more information and targeted action are needed during the course of the student teacher internship.

Please carefully review and familiarize yourself with these dispositions.

## UNIVERSITY OF ALASKA STUDENT RIGHTS AND RESPONSIBILITIES/ STUDENT CODE OF CONDUCT

The university will maintain an academic environment in which the freedom to teach, conduct research, learn, and administer the university is protected. Students will enjoy maximum benefit from this environment by accepting responsibilities commensurate with their role in the academic community. The principles found herein are designed to facilitate communication, foster academic integrity, and defend freedoms of inquiry, discussion, and expression among members of the university community. The BOR Policy 09.02.020 ( <https://www.alaska.edu/bor/policy-regulations/> ) states:

### Students will have the right:

1. to pursue an education free from illegal discrimination and to be judged on the basis of relevant abilities, qualifications, and performance;
2. to fair and impartial academic evaluation and a means of recourse through orderly procedures to challenge action contrary to such standard;
3. to free inquiry and expression;
4. to access their own personnel and education records and to have the university maintain and protect the confidential status of such records, as required by appropriate legal authority;
5. through student representatives, to participate in formulating and evaluating institutional policies;
6. to organize and join associations to promote their common and lawful interests;
7. to be able to protest on university premises in a manner which does not obstruct or disrupt teaching, research, administration, or other activities authorized by the university;
8. to an academic environment conducive to intellectual freedom;
9. to a fair and orderly disciplinary process; and
10. to have access to accurate information regarding tuition, fees and charges, course availability, general requirements for establishing and maintaining acceptable academic standing, and graduation requirements.

Students are responsible for knowing, understanding, and complying with the University of Alaska Student Code of Conduct, which outlines both student rights and responsibilities as members of the academic community.

Students are expected to balance these rights and responsibilities to promote a learning environment that is conducive to the academic success of all members of the community and strive to be a positive, contributing member of the academic community.

As with all members of the university community, the university requires students to conduct themselves honestly and responsibly and to respect the rights of others. Students may not engage in behavior that disrupts the learning environment, violates the rights of others or otherwise violates the Student Code of Conduct (Code), university rules, regulations, or procedures. Students and student organizations will be responsible for ensuring that they and their guests comply with the Code while on property owned or controlled by the university or at activities authorized or sponsored by the university.

The University may initiate disciplinary action and impose sanctions on any student or student organization found responsible for committing, attempting to commit, or intentionally assisting in the commission of any of the following prohibited forms of conduct:

You will find specific Code of Conduct Policies in this link: <https://www.uas.alaska.edu/dean-of-students/code-of-conduct/index.html>)

## UAS SCHOOL OF EDUCATION CONCEPTUAL FRAMEWORK GOALS AND STANDARDS PROGRAM ALIGNMENT

All the Graduate Elementary Programs' activities and assessments are aligned with the SOE, UAS, State and National standards. Posted in the table below are links to the alignment matrices and the various standards groups that provide the guidance for program designs.

**You will find the SOE Goals and Performances about half-way down on this webpage.**

## RESEARCH INFORMATION AND CONSENT

**Introduction:**

As a student in the elementary endorsement, certificate or MAT programs, you are a possible participant in education research.

**Background Information:**

The purpose of any study is to explore the development of knowledge, skills, and dispositions of pre- service teachers.

**Procedures:**

If you decide to participate, a variety of data will be collected throughout the year of the program.

**Risks and Benefits:**

The study has no risks.

The benefits to participation are improved teacher education programs.

**Compensation:**

There is no compensation for participation.

**Confidentiality:**

Any information obtained in connection with this research study that could identify you will be kept confidential. In any written reports or publications, no one will be identified or identifiable.

Research results will be kept in a password protected computer and/or a secured location and only Dr. Hartley and persons with legal access will have access to the records while working on this project.

All original reports and identifying information that can be linked back to you will be destroyed.

**Voluntary nature of the study**

Participation in any research study is voluntary. Your decision whether or not to participate will not affect your future relations with your teacher, school, or the University of Alaska in any way. If you decide to participate, you are free to stop at any time without affecting these relationships, and no further data will be collected.

**Contacts and questions:**

If you have any questions, please feel free to contact Dr. Beth Hartley. You may keep a copy of this form for your records.

**Statement of Consent:**

You are making a decision whether or not to participate. Your signature indicates that you have read this information and your questions have been answered. Even after signing the following form, please know that you may withdraw from research study at any time and no further data will be collected.

# TITLE IX REFERENCE GUIDE FOR OFF-CAMPUS PROGRAMS/ACTIVITIES UNIVERSITY OF ALASKA SOUTHEAST

## *Title IX: Student Placement Guidelines*

(<https://www.uas.alaska.edu/titleix/titleix-affiliation-agreements.html>)

The University of Alaska is committed to providing a safe and healthy educational and work environment in which educational programs, employments, and activities are free of discrimination. Title IX of the Educational Amendments of 1972 is a federal law that specifically prohibits discrimination on the basis of sex. It establishes the principle that all students should be free to participate fully in their educational experiences regardless of their gender. Sexual violence and sexual harassment are actions which violate Title IX protections for students.

The Office of the Provost and the Title IX, EEO & Clery Compliance Office will serve as the liaison and will work with the appropriate Dean's and/or Director's office to assist with finalizing each agreement.

To access the online Submission Form for Students at External Entities, please contact your academic dean. Questions about the Title IX: Student Placement Guidelines and required student reporting please contact the UAS Title IX office at 907-796-6371.

### **Documents**

The following document provides guidelines for student placement.

The following document is a summary of resources, contacts, and the University of Alaska Board of Regents Sex and Gender-Based Discrimination Policy & Regulations BOR P01.04:  
<https://www.alaska.edu/bor/policy/01-04.pdf>

IT IS VITALLY IMPORTANT FOR YOU TO READ AND FAMILIARIZE YOURSELF WITH THIS DOCUMENT AND INFORMATION BEFORE YOU BEGIN ANY FIELD WORK IN THIS PROGRAM (LINK FOLLOWS): UAS Title IX Resource Guide Off Campus Programs- Activities

## STATEMENT OF AGREEMENT

- I have read this Candidate Handbook for academic year 2019-2020
- I understand the contents and agree to the policies and procedures of the graduate certificate and Master of Arts in Teaching programs in elementary education.
- As a student in the elementary endorsement, certificate or MAT programs, I understand that I am a possible participant in education research and give my consent to participate in such research.
