STUDENT TEACHING PLACEMENT PREFERENCES:

If you have a preference regarding where you would like to be placed for the purposes of student teaching, please indicate this below. You are welcome to list the name of a specific school, if you prefer one more than others. However, you can also just list a location (e.g. Nome, Fairbanks, or Bethel) or a school district (e.g. Anchorage School District) if you would prefer to student teach in a particular area, but don't have a preference regarding a school. We cannot guarantee your placement in a preferred school, but we will make an effort to place you according to your preferences.

Please do not approach teachers about being your host teacher for student teaching. If you have a preference, let us know, but district administrations will work with us to make the best placement possible for you.
