In order to provide a placement for student teaching it may be necessary to provide copies of transcripts, writing samples, or references to the school district, school, or mentor teacher. Professional confidentiality is maintained within the boundaries of this system.

For students planning to complete their student teaching internship using a paid certified teaching role, UAS may also need to share information including transcripts, course plans, and academic performance information with administrators or districts for the purpose of coordinating the requirements of the student teaching internship.

Please sign below acknowledging that UAS may need to release information to districts for these instructional purposes.

- ✓ I understand that my transcripts, writing sample, references, and academic information may be shared with school districts, administrators, or mentor teachers during the student teaching placement process and during the placement as necessitated for the coordination of student teaching requirements.
