

Safety Committee Meeting

Minutes

September 27, 2019

Members present: Amanda Arra, Jon Lasinski, Adam Zenger, Lisa Hoferkamp, Dan Garcia

Members absent: Nathan Bodensadt, Chase Parkey

Recent Incident Reports

There have been no incidents reported since the last Safety Committee meeting.

Trespass Update

There are currently three persons trespassed from UAS. There have been no trespass issues since the last Safety Committee Meeting

Nighttime Campus Safety Walk

For many years UAA conducts an annual campus safety walk where faculty, staff and students walk the entire campus after dark to look for unsafe conditions. This annual event results in a punch list of repairs and improvement projects for Facilities Services.

The Safety Committee agreed that this event would be a good idea. Dan Garcia reached out to UAA for information on planning and holding this event at the Juneau campus. Planning for this event will proceed.

Safety Committee Membership

Membership on the Safety Committee was discussed. The Committee was informed that Dan Garcia invited a representative from Student Government to participate in our monthly campus safety dialogue. Dan gave a short presentation to Student Government on what the Safety Committee is and why their participation is requested. Student Government expressed interest in the group and its mission.

Loss Prevention Fund

At this time it is not clear whether Loss Prevention funds will even be available due to our budget situation. If they are available, we discussed two potential purchases:

Trainer for CPR AED First Aid: We would like to fund at least two UAS employees to take this course so that they can be trainers.

Campus Safety Walk supplies: Participants in the proposed Campus Safety Walk will need reflective vests, flashlights.
