

# Interfolio Review, Promotion & Tenure

---

FACULTY REVIEW SOFTWARE BUILT FOR SHARED GOVERNANCE

## Manage review, tenure, and promotion with one faculty-oriented platform.

Interfolio Review, Promotion & Tenure is an online platform for carrying out formal faculty reviews such as tenure, promotion, and periodic evaluation. Built for shared governance, Interfolio is mindful of the academic work cycle and intuitive for committee members.

Fundamental to the success of the online review process is clarity and usability for each faculty candidate. A growing set of features allows faculty to connect information in their Interfolio review case with their personal Interfolio Dossier for continuity throughout their careers.

### **FOCUSED COMMITTEE WORK**

When faculty reviews happen through Interfolio, your school's committees are significantly better equipped to get down to business reviewing candidates and playing their role in shared governance—instead of spending a ton of time just accessing materials and taking notes.

### **POSITIVE FACULTY CANDIDATE EXPERIENCE**

With Interfolio, you give every candidate an easy and clear tool to assemble, label, arrange, and submit their formal packet—keeping the review process professional and standardized, and ensuring all faculty members have an equitable means to present themselves.

### **DETAILED ACCESS PERMISSIONS**

Managing faculty reviews through Interfolio gives you a concrete way to ensure—and document—that only the right materials are available to the right people at the right times, with detailed workflows and user permission controls.

### **CONSISTENCY ACROSS INSTITUTION**

If your school's formal faculty reviews proceed through Interfolio, you can enforce standard pathways, requirements, and language for defined types of reviews across the entire institution, and save your administrative staff significant setup work every academic year.

### **TRANSPARENCY FOR ACADEMIC LEADERSHIP**

When a school adopts Interfolio Review, Promotion & Tenure, academic leaders gain a central campus-wide system of record for review, reappointment, tenure, and promotion cases, and an accessible interface for generating reports of that data.

## PUBLIC SUPPORT FOR ALL USERS

If your institution partners with Interfolio, all users can rely on a publicly accessible customer and technical support team—9:00 AM to 6:00 PM, Monday through Friday, via phone and email. In this respect our attitude differs from the bureaucratic approach of other academic workflow vendors.

Our support team is open to:

- Tenure, promotion, and review candidates
- External peer evaluators
- Committee chairs and members
- Pretty much anyone else with a question or concern
