Chancellor's DEICS Committee (Courtney MacArthur)

- New DEICS webpage address: <https://uas.alaska.edu/chancellor/councils-committees/committee-diversity-equity-inclusion-cultural-safety/>
- Discussed possible DEICS retreat/work session around April 7-9
- [Priorities Subcommittee](#) started brainstorming ideas - antiracist and bystander training is priority #1
 - Faculty handbook subcommittee submitted a Faculty Handbook proposal encouraging all faculty to take annual training. To make sure this is feasible, we checked in with the provost, and they will provide support for this.
 - Presumably at convocation
 - Goal: Digital banner badge to be created that people can add to their UAS profile page that indicates they have taken this training
 - Possibly also on the registration page so students can see which instructors have anti-racist training
 - Would like to broaden to staff
 - Could do on Staff Development Day
 - No handbook equivalent exists for staff - would need Chancellor's office to encourage training and rely on supervisors to make sure direct reports complete it

- The Board of Regents sent a [Response](#) to the letter DEICS sent expressing support for all students (including trans students). The Discrimination Rapid Response Team will draft a response to their response.
- The Discrimination Rapid Response Team wrote a [Draft letter](#) to support UAS Juneau's Student Government efforts to add a racial and ethnic harassment statement to the Student Code of Conduct.
